

Paroimplant 2014

MAGYAR
FOGORVOSOK
IMPLANTOLÓGIAI
TÁRSASÁGA

The Hungarian Society of Periodontology, supported by the Hungarian Society of Implant Dentistry is happy to announce the ParoImplant 2014 Congress of two days, which has raised considerable interest during the last few years.

The congress is accredited to the Semmelweis University with several internationally renowned lecturers. For Hungarian lectures simultaneous translation will be provided in English.

Topic: Future concepts of periodontal and alveolar reconstructive procedures, 3D tissue reconstructions and implant planning in the daily practice (lectures, broadcasted live surgeries, hands-on course)

Dates: 21-22 November, 2014 (Friday-Saturday)

Congress venue: Education Centre, Semmelweis University Faculty of Dentistry (Szentkirályi utca 47. H-1088 Budapest, Hungary)

Lectures: Árkövy auditorium

Hands-on: Balogh Károly room

Invited lecturers: Ulf Wikesjö (Georgia, Augusta, USA) Bogdán Sándor (Budapest, Hungary)
Cristiano Susin (Georgia, Augusta, USA) Windisch Péter (Budapest, Hungary)
Adrian Kasaj (Mainz, Germany) Piffkó József (Szeged, Hungary)
Horváth Attila (Budapest, Hungary) Molnár Bálint (Budapest, Hungary)

Hands-on course: Adrian Kasaj (Mainz, Germany)

Early registration: 3 November, 2014 (transfer deadline for early registration fee)

Early reg. fee: Day 1 – EUR 120 / Day 2 - EUR 120
Both days – EUR 210 / hands-on course – EUR 170

Late registration: 3 November, 2014 - 21 November 2014 (on-site registration is possible)
Day 1 – EUR 150 / Day 2 - EUR 150
Both days – EUR 240

No. of participants: max. 150 (Hands-on: max. 30)

The registration fee has to be transferred to the Hungarian Society of Periodontology (OTP BANK, IBAN: HU36117080012050300000000000, SWIFT: OTPVHUHB, Information: Name of the participant)

Paro Implant 2014

Program:

Friday

7.45-8.30	Registration
8.30-8.40	Congress opening
8.40-9.25	Peter Windisch (Budapest, Hungary) 3D reconstruction and implant treatment of alveolar defects
9.30-10.30	Ulf Wikesjö (Georgia, Augusta, USA) Bone loss following implant placement and strategies for alveolar bone preservation
10.30-11.00	Coffee break
11.00-12.30	Sándor Bogdán (Budapest, Hungary) Live surgery
12.30-14.00	Lunch break
14.00-15.00	Adrian Kasaj (Mainz, Germany) Current trends in the treatment of gingival recessions and periodontal intrabony defects
15.05-15.50	Bálint Molnár (Budapest, Hungary) Establishing optimal soft tissue environment around natural teeth and implants
16.30-18.30	Adrian Kasaj (Mainz, Germany) hands-on course on recession coverage

Saturday

8.30-9.00	Registration
9.00-10.00	Cristiano Susin (Georgia, Augusta, USA) Strategies for alveolar bone augmentation in implant dentistry with focus on biomaterials and growth factors
10.00-10.30	Coffee break
10.30-11.15	József Piffkó (Szeged, Hungary) Prospective randomized controlled study with a novel 3D guided surgery system
11.15-13.00	Oliver Blume (Munich, Germany) Live surgery
13.00-14.20	Lunch break
14.20-15.05	Oliver Blume (Munich, Germany) Update on biomaterials used in bone augmentation procedures
15.10-15.55	Attila Horváth (Budapest, Hungary) Is the success of perio-implant treatment maintainable over the long term?
16.00-17.30	Péter Windisch (Budapest, Hungary) Live surgery
