**INTERNATIONAL
CONGRESS**

Periodontology and Oral Health

RIMINI 2017

Dear Colleagues, Oral Hygienists and Friends,
since a long time, a strong correlation between periodontal and oral health has been demonstrated. Now the scientific research shows us also a link between periodontal and systemic health.

We know that a correct treatment plan in Dentistry should start with a periodontal eye: Dentists and Oral Hygienists goal should be the patient's global health.

With this target in mind, I have the pleasure to invite you to our next International Congress. "Periodontology and Oral Health" is the title, Rimini is the place to be, 16th-17th-18th March 2017 the dates for your schedule!

The Faculty will discuss clinical strategies to reach and maintain oral and systemic health with a focus on prevention of periodontal, peri-implant and systemic diseases.

Ample space will be given to new technologies to maintain periodontal health: from diagnosis, biofilm control, up to periodontal and peri-implant bone regeneration.

A particularly interesting section will deal with the interdisciplinary treatment in periodontology, particularly with the relationships with orthodontics, implant therapy and prosthetic rehabilitation.

On Saturday morning, Oral Hygienists will have their session on the role of supportive periodontal therapy and long term maintenance.

Still want more?

We are glad to offer you a pre-congress course on aesthetics in Implantology both for healthy and periodontally compromised patients, two Research Forum for Dentists and Oral Hygienists, the H.M. Goldman Award, Sponsors' Forum on Research and Developments in Implantology and Oral Health and the Giorgio Vogel Award for the best clinical case". And last, but not least, our beloved session for young colleagues "SIdP Giovani-SIdP Young Dentists Forum".

The podium will be held by Italian and international speakers who will make clear the message that SIdP wants to convey to the Dentists and Hygienists with the same strength that our Society is putting to provide the Italian population, through the media, correct information in the field of periodontal health.

So you cannot miss the traditional **PerioParty** on Thursday night: delicious food, amazing music and all the friendly atmosphere that you will find in SIdP.

Now... I need you!

See you in Rimini!

Claudio Gatti
SIdP President

18th INTERNATIONAL CONGRESS

Periodontology and Oral Health

PRECONGRESS-ACTIVITIES

Thursday, 16 March 2017

9.30am-12.30pm

10.45-11.15 am Coffee Break

YOUNG DENTISTS' FORUM

This Forum is managed by young specialists/experts in Periodontology, both for under 40 SIdP Members and last year CLMOPD undergraduate students

Revaluation and surgical treatment plan

SIdP Responsible Active Member: Luigi Minenna (Ferrara)

Coordinators: Nicola Discepoli (Pietrasanta, I), Francesco Ferrarotti (Trino, I)

9.30am-1.00pm

10.45-11.15am Coffee Break

RESEARCH FORUM

Reserved for Dentists and Students in Dentistry and Dental Prosthesis

This Forum has the aim to stimulate in an informal way the scientific comparison between groups of researchers from the University and private practice and to be a meeting for the growth of periodontal research in Italy

Coordinators: Mauro Donati (Perugia, I), Cristiano Tomasi (Trento, I)

11.00am-5.00pm

GIORGIO VOGEL AWARD 2017 for the best clinical case

SIdP decided to conceive an annual award to honor the memory of the unforgettable Professor Giorgio Vogel, who devoted great attention and enthusiasm to teaching and clinical training activities of young Students and Colleagues. The Giorgio Vogel Award aims to further involve all members of the Society and in particular those young Clinicians who wish to interact in a simple and direct way with other Colleagues and Experts in Periodontology

Coordinators: Alessandro Crea (Viterbo, I), Giulio Rasperini (Milano-Piacenza, I)

1.00pm-2.00pm

Lunch break

PRE-CONGRESS ACTIVITIES

2.00pm-5.00pm

PRE-CONGRESS COURSE

Periodontal vs healthy patients in aesthetic implant management

Tidu Mankoo (London, UK)

Questions which the Speaker will answer to:

What is the most predictable management of the extraction site in the aesthetic zone using hard and soft tissue grafts?

What are the clinical approaches for the soft vs thick biotypes?

Is there a so-called “minimally invasive technique” in the socket preservation that can simplify but optimize the surgical approach in the anterior areas?

2.30pm-5.00pm

RESEARCH FORUM M. CAGIDIACO PRIZE 2017

This Forum has the aim to stimulate in an informal way the scientific comparison between groups of researchers from the University and private practice and to be a meeting for the growth of periodontal and implant research in Italy in the field of oral hygiene and the best oral presentation will be awarded the M. Cagidiaco Prize 2017

Coordinators: **Stefano Chieffi** (Firenze, I) - **Luca Landi** (Verona-Roma, I)

3.00pm-5.00pm

H.M. GOLDMAN PRIZE 2017 Clinical research and basic research

5.00pm-5.30pm

Coffee break

5.30pm-7.30pm

SPONSOR FORUM Research and development in Implantology

Coordinator: **Sergio Matarasso** (Napoli, I)

5.30pm-7.30pm

SPONSOR FORUM Research and development in Oral Health

Coordinator: **Giulio Rasperini** (Milano-Piacenza, I)

7.30pm-10.00pm

PerioParty

18th International Congress

Friday, 17 March 2017

Joint session for Dentists, Oral Hygienists and Students

9.15am-9.30am **OPENING CEREMONY**

Welcome from the President of IStDP
Welcome from the Authorities

9.30am-10.00am **OPENING LECTURE** **The teeth of Michelangelo**

Marco Bussagli, *Historian*

10.00am-10.30am **LECTIO MAGISTRALIS** **Global Impact of Periodontology**

Søren Jepsen (*Bonn, D*)

10.30 am-11.00am Coffee break

Prevention

11.00am-11.15am **Introduction** *by the Coordinator*
Maurizio Tonetti (*Hong Kong – Genova, I*)

11.15am-11.45am **Risk-based prevention of periodontitis**
Iain Chapple (*Birmingham, UK*)

Questions which the Speaker will answer to:

What is the relative role of public health campaigns and professional preventive services in addressing risk factors and maintaining periodontal health?

Why is it important to base professional prevention on periodontal diagnosis and individualize the approach? What are the current protocols?

How far do we need to go in the control of gingivitis to effectively prevent periodontitis at the individual and at the population level? Are there standards?

FRIDAY, 17 MARCH 2017

11.45am-12.15pm **Periodontal health and prevention
of systemic diseases**

Kenneth Kornman (*Waltham, USA*)

Questions which the Speaker will answer to:

What is the current evidence that periodontal health interventions contribute to general health and wellbeing?

Do the benefits go beyond addressing shared risk factors between oral and systemic diseases?

Are the benefits likely to involve the majority of the population or only specific subgroups?

12.15am-12.45pm **Prevention of peri-implantitis: Predisposing
and causal factors**

Tomas Linkevicius (*Vilnius, LT*)

Questions which the Speaker will answer to:

What are the risk indicators and putative risk factors of peri-implantitis?

Are there (putative) risk factors that can be modified at the planning stage, at the surgical stage or at the reconstructive stage of implant treatment?

What is the role of professional supportive care program in the prevention of peri-implantitis?

Do we need to treat peri-implant mucositis?

12.45pm-1.15pm **Q&A**

1.15pm-2.30pm **Lunch break**

FRIDAY, 17 MARCH 2017

New Technologies and Periodontal Health

2.30pm-2.45pm **Introduction**, by the Coordinator
Filippo Graziani (*Pisa, I*)

2.45pm-3.15pm **Periodontal diagnosis**
Leonardo Trombelli (*Ferrara, I*)

Questions which the Speaker will answer to:

Is screening of the periodontal disease feasible?

Do you need microbiological testing to establish a proper diagnosis?

Which is the role of genetic testing in the diagnosis of the disease?

3.15pm-3.45pm **Biofilm control**
Mario Aimetti (*Torino, I*)

Questions which the Speaker will answer to:

Which is the most effective technique for controlling plaque?

Is chemical control needed on a routine basis?

Can plaque be controlled only with antibacterial methods?

Which is the role of probiotics and life style changes?

3.45pm-4.00pm **SIdP: A history of Italian excellence**

4.00pm-4.30pm **Coffee break**

4.30pm-5.15pm **Periodontal regeneration: How to make greater predictability in the future**
William Giannobile (*Ann Arbor, USA*)

Questions which the Speaker will answer to:

Overall is periodontal regeneration a predictable technique?

How can that be implemented?

Which are the options for furcation and supra-osseous defects?

Surgical application of any compounds is the only available option in the close future?

FRIDAY, 17 MARCH 2017

5.15pm-6.00pm **New technologies in bone regeneration for implants**

Lior Shapira (*Jerusalem, IL*)

Questions which the Speaker will answer to:

Can regenerated bone determine new osteointegration?

Which are the surgical factors that may have an impact on the prognosis?

Are materials essential to achieve bone regeneration?

6.00pm-6.30pm **Q&A**

Saturday, 18 March 2017

Reserved to Dentists and Students

Perio-Ortho-Implant and Prosthetic Rehabilitation

9.00am-9.15am **Introduction**, *by the Coordinator*

Enrico Gherlone (*Milano, I*)

9.15am-10.00am **Combined periodontal and orthodontic therapy**

Christos Katsaros (*Bern, CH*)

Questions which the Speaker will answer to:

Which is the role of up-to-date orthodontics in periodontal osseous defects treatment? What is the right timing?

Orthodontic treatment: Risk factor or possible solution of periodontal soft tissue defects?

Have implants used as anchorage really changed orthodontic treatment?
If so, how?

SATURDAY, 18 MARCH 2017

10.00am-10.45am **Treatment planning and sequence of therapy in anterior implant rehabilitation**

Tidu Mankoo (*London, UK*)

Questions which the Speaker will answer to:

Implants in aesthetic areas: When are they a better solution in the treatment of patients affected by periodontal disease?

What is the role of implant placement timing in the aesthetic success? Immediate or delayed implants?

Soft tissue volume augmentation: When is it necessary?

10.45am-11.00am **SlidP for YOU**

11.00am-11.30am **Coffee break**

11.30am-11.45am **"H.M. Goldman Prize 2017" and "G.Vogel Prize 2017" Awards**

Presentation of the thesis in Dentistry awarded **"M. Calandriello Prize 2016"**

11.45am-12.30pm **Prosthetic rehabilitation in periodontal patient**

Alberto Fonzar (*Campofornido, I*)

Questions which the Speaker will answer to:

Maintaining periodontally compromised teeth or replacing them with implants: Is it a possible evidence based choice?

Reduced available bone volume: Which strategies?

Which are the key factors for long-term success of perio-implant prosthesis?

12.30pm-1.00pm **Q&A**

1.00pm **Closing Remarks**

Saturday, 18 March 2017

Reserved to Oral Hygienists and Students

The role of the dental hygiene treatment on the long term periodontal maintenance therapy in aging patients

9.00am-9.15am **Introduction**, by the Coordinator
Giovanni Paolo Pini Prato (*Firenze, I*)

9.15am-10.00am **Periodontal health and prevention of systemic diseases in the aging patient**
Kenneth Kornman (*Waltham, USA*)

Questions which the Speaker will answer to:

Are the majority of grown up people able or unable to change behaviors?

With aging the 5 senses and the strength tend to decline, does it influence oral health?

How important is the aesthetics of the smile for old people?

10.00am-10.45am **Does the biofilm age?**
New strategies for plaque control
Alberto Turri (*Gothenburg, S*)

Questions which the Speaker will answer to:

Are there changes in the oral microflora due to the aging process?

Which environmental changes do occur in the aging mouth?

Is there an effective chemical therapy to support the patient with reduced manuality for biofilm control?

10.45am-11.15am Coffee break

SATURDAY, 18 MARCH 2017

11.15-11.30

SIpP for YOU and

- "M. Cagidiaco 2017 Prize" Award

- Presentation of the thesis in Oral Hygiene awarded "M. Calandriello Prize 2016"

11.30am-12.15pm

Oral Hygienist: Dental coach for the aging patient

Elisa Pierozzi (Roma, I)

Questions which the Speaker will answer to:

What can we expect in term of attitude toward oral health in the aging patient?

In a long term maintenance therapy patients tend do decrease their compliance, which strategies are recommended to keep collaboration efficient?

Do regular sessions of professional mechanical tooth cleaning influence the long term maintenance of the periodontal status?

12.15pm-12.45pm

Long term results in the aging patient

Giancarlo Agudio (Bergamo, I)

Questions to which the Speaker will answer to:

Which are the periodontal changes in perio treated patients during long term maintenance therapy?

How much Clinical Attachment Loss (CAL) is compatible with a successful long term periodontal maintenance?

Which data should be regularly collected in order to assess the oral status in the aging patient?

12.45pm-1.15pm

Q&A

1.15pm

Closing Remarks

18th

INTERNATIONAL
CONGRESS

Periodontology and Oral Health

RIMINI 2017

H.M. Goldman Prize

The **Italian Society of Periodontology and Implantology** is pleased to inform those wishing to submit one or more papers for the "H.M. Goldman" prize to be awarded during the 18th International Congress, that the material should be sent by **February the 8th, 2017** for review and acceptance by the Scientific Committee.

Papers submitted may cover basic research, laboratory research or clinical research (clinical trials or innovative surgical techniques) provided they pertain to the different aspects of scientific and clinical research in periodontology and implant therapy.

The paper should be sent in **English language** and should:

- > be composed of a short abstract (max: 200 words) both in Italian and English and a text divided into Introduction, Materials & Methods, Results, Conclusions and Bibliography;
- > not be exceeding 3.500 words and be accompanied by no more than 7 figures and tables;
- > be sent in electronic format by e-mail to: segreteria@sidp.it.

The submitted paper must be original and not previously published or presented in any other congresses.

Selected papers will be presented in Italian or English, during the first day of the International Congress (Rimini, March, 16th 2017).

Excluded manuscript may be selected for presentation as electronic posters in the **Research Forum**. Inclusion criteria are published on the website www.sidp.it, section "Awards and Scholarship".

Two of the presented works, one for basic/laboratory research and one in clinical research, will be awarded the "Henry M. Goldman" Prize and receive the sum of € 2,000. The Prize will be assigned by a Commission composed of an international panel of Experts nominated by the SidP Executive Council.

If, based on its indisputable judgement, the Commission deems that none of the papers are especially noteworthy, no prize will be assigned.

The Commission reserves the right to award the available prizes to the two worth of notice papers even if they belong to the same category (clinical research and basic research).

Giorgio Vogel Award

The **Italian Society of Periodontology and Implantology** decided to conceive an annual award to honor the memory of the unforgettable **Professor Giorgio Vogel**, founder and Past President of SIdP, who devoted great attention and enthusiasm to teaching and clinical training activities of young students and colleagues. The Giorgio Vogel Award aims to further involve all members of the Society and in particular those young clinicians who wish to interact in a simple and direct way with other Colleagues and Experts in Periodontology in a dedicated space within the annual SIdP Congress (2017: Rimini, March 16 to 18).

The clinical case should consider periodontal surgery, implant surgery and/or tissue regeneration and should be presented in accordance with SIdP guidelines. The abstract should be written - in English - using only the appropriate electronic template available online on the website www.sidp.it (section "Awards and Scholarship") and must contain a description of the clinical case with the diagnosis, treatment goals and description of the procedure and the results obtained.

The iconographic material illustrating the clinical procedure should be organized – in English – in an electronic presentation (PPT or Keynote) by following the suggestions below.

The **electronic file should be sent to the SIdP Secretary** by using automatic file sharing and transfer systems as DROPBOX: <https://www.dropbox.com/> - WE TRANSFER: <https://www.wetransfer.com/>; the material has to be sent to the following email address: segreteria@sidp.it.

Alternatively, the material could be sent to the address of the SIdP Secretary office (Viale dei Mille, 9 • I - 50131 Firenze) that will forward it anonymously to the SIdP Scientific Committee for acceptance evaluation.

The notification of acceptance or rejection will be sent by email within February 28th, 2017.

A committee of Experts composed by a member of the SIdP Board, by an Academic Professor of Periodontology and by a Private Practitioner Active member of the Society will evaluate the best case presentation, award the prize consisting in a free annual membership fee and publish the case on the SIdP website.

The **official announcement of the winner** will take place on Saturday March 18th during the 18th International SIdP Congress. **The case will be then presented directly by the winner.**

Research Forum 2017

reserved for Dentists

Application

The **Italian Society of Periodontology and Implantology** will give to clinicians and researchers the chance to present their own data and original research in the field of Periodontology and Implantology during the International Congress 2017 in the session “**RESEARCH FORUM**”.

Both clinical research and basic sciences research are eligible.

Abstract will be evaluated by a specific committee constituted by eminent Academicians and Clinicians and by the Coordinators of the session. If accepted, applicants will present their research in English as electronic poster in the session “Spazio Ricerca-Research Forum” which will be held on Thursday 16th March 2017 from 9.30am to 12.30pm. The abstract presented during the session will be then published on “*Quintessenza Internazionale & Jomi*”.

Abstract Format

Abstract should be written in English language. **Deadline for submission will be February 8th 2017** through the website www.sidp.it (section “Awards and Scholarship”). Only on-line submitted abstract will be accepted. Acceptance will be communicated through e-mail from the SIdP secretary within the 28th of February 2017.

The presentation will not be accepted if the presenting Author would not be pre-registered within the 5th of March 2017. Each author may present only one poster but co-authorship is not limited.

RESEARCH FORUM 2017

Research Forum - M. Cagidiaco Prize 2017

reserved for Dental Hygienists

The **Italian Society of Periodontology and Implantology** on the occasion of its **18th International Congress** (Rimini, 16 to 18 March 2017) as part of the session entitled "**Research Forum- M. Cagidiaco Prize**", will offer to Dental Hygienists the opportunity to present and discuss their scientific studies in the field of Periodontology and Implantology related to dental hygiene.

The papers must be related to evidence-based and patient-centered dental hygiene practice, relating to:

- *Clinical studies and basic research on topics related to the prevention of periodontal diseases;*
- *Clinical case studies on innovative methods of periodontal diseases prevention;*
- *Motivation and communication strategies to improve patient compliance in periodontal therapy.*

The papers accepted by the Commission (in charge of the pre-selection and composed by the Coordinators of the Research Forum and by a member of the SIdP Executive Board) will be presented in the form of **Oral Presentation** as part of the "**Research Forum – M. Cagidiaco Prize**" – **on Thursday March 16th, 2017**. The Commission will evaluate the oral presentation by assessing: The clinical relevance, objectivity, materials and methods and their suitability with respect to the objectives, the consistency of the findings with respect to the results, ethics, scientific value, potential clinical significance, originality of the work and clarity and display capacity of the Presenter.

During the event, the SIdP Scientific Committee will award the **M. Cagidiaco Prize 2017** consisting of a financial reward of € 1,000 and free one-year subscription to SIdP as Dental Hygienist. The winning work will be presented in the final session of the 18th International SIdP Congress (Saturday, March 18th, 2017) and published on the website of the Society www.sidp.it.

Abstract submission

Deadline for submission through the website www.sidp.it (section "Awards and Scholarship") will be the 8th of February. Abstracts should be written in English language. The standards for preparation and content of the abstracts are accessible on the same website.

Only on-line submitted abstracts will be accepted for evaluation.

Acceptance will be communicated by e-mail from the SIdP Secretary within the 28th of February 2017.

The Author who will present the work during the session is required to pre-register for the 2017 International Congress SIdP by March 5, 2017. Failure to pre-registration will result in the cancellation of participation in the session.

Each Author may present only one abstract but co-authorship in others will not be limited. Presentation will be in the English language.

Previously published or presented abstracts cannot participate in the prize competition.

Congress Venue

Palacongressi di Rimini

Via della Fiera, 23 - 47923 Rimini

Tel. 0541 711500

www.riminipalacongressi.it

Registration

Attendance to the 18th International Congress of the Italian Society of Periodontology and Implantology is open to Dentists and Oral Hygienists.

Special conditions have been reserved to International Dentists and Oral Hygienists Members of their National Periodontal Society.

Foreign Attendees - EFP society Members: The category includes Dentists and Oral Hygienists holding the Academic Title for the practice of the profession and members of their national Periodontal Society.

Registration fees for EFP society Members:

- Graduate Dentists € 200

- Oral Hygienists € 100

Dentists can participate both in the Pre-congress Activities (March, 16) and the International Congress (March, 17 and 18). Oral Hygienists can participate exclusively in the International Congress (March 17-18) and in the Research Forum (March, 16).

Exhibition Area

There will be a technical-pharmaceutical and scientific publication exhibition area at the Congress venue.

Companies interested in participating in the Congress are invited to contact FORUM pro Agency Ph. +39 055 2326059 • E-mail: info@forumpro.it

Hotel reservations

Thanks to the collaboration with AIA Palas, book on-line your stay in Rimini during the Congress is simple.

Visit us at www.sidp.it and click on the link "hotel booking on-line".

You can count on hotel facilities selected from the best and immediate confirmation of your booking.

Official languages

The official languages are **Italian** and **English**. **Simultaneous translation will be provided from Italian to English for the Congress Sessions (March, 17-18).**
