2016

2020

2022

2010 / Cortical porosity of the mandible in an osteoporotic sheep model

2012 / Impact of implant surface topography: a clinical study with a mean functional loading time of 85 months

2014 / Decontamination of autogenous bone grafts: systematic literature review and evidence-based proposal of a protocol

2016 / Effectiveness of subperiosteal bone anchor (Onplant) placement in the anterior highly atrophic maxilla for cross-arch prosthetic rehabilitation: Results from a pilot study

2020 Mar / In vitro adherence of Candida albicans to zirconia surfaces.

2020 / Is topical application of hyaluronic acid in oral lichen planus effective? A randomized controlled crossover study

2022 / Retrospective Evaluation of Implants Placed in Iliac Crest Autografts and Pristine Bone

bis 2002 / Studium der Humanmedizin Universität Wien

bis 2006 / Studium der Zahnmedizin Universität Wien

Spezialisierung an der Abteilung für Orale Chirurgie von 2006—2016

Spezialisierung an der Abteilung für Zahnerhaltung und Parodontologie seit 2016

Leiterin und Mitbegründerin der Mundschleimhautambulanz bis 2016

Diplom: ganzheitliche Zahnheilkunde Kieferorthopädie, Implantologie

Habilitation Orale Chirurgie Thema: Implantologie 2013

2011 / Peri-implantitis and late implant failures in postmenopausal women: a cross-sectional study

2011 / Effect of maxillary sinus floor augmentation on sinus membrane thickness in computed tomography

2011 / Impact of dietary vitamin D on osseointegration in the ovariectomized rat

2013 / Impact of implant surface topography: A clinical study with a mean functional loading time of 85 months

2013 / The „puffed cheek method“ to evaluate mucosal thickness: Case series

2013 / Pyogenic granuloma mimicking peripheral dentinogenic ghost-cell tumour recurrence: Case report and meta-analytic literature update

2015 / Effect of personality traits on the oral health-related quality of life in patients with oral mucosal disease

2015 / Anatomical preconditions for the palatal sinus floor augmentation - A three-dimensional feasibility study

2015 / Dental implants are a viable alternative for compensating oligodontia in adolescents

2015 / Alveolar bone regeneration in response to local application of calcitriol in vitamin D deficient rats

2017 / A principal components analysis: how pneumatization and edentulism contribute to maxillary atrophy

2017 Mar / Morphometric analysis of sinus depth in the posterior maxilla and proposal of a novel classification

2017 / Does osteoporosis influence the marginal peri-implant bone level in female patients? A cross-sectional study in a matched collective

2021 / Effect of personality traits on the oral health-related quality of life in patients with oral lichen planus undergoing treatment

2021 / Topical Cyclosporine in Oral Lichen Planus-A Series of 21 Open-Label, Biphase, Single-Patient Observations

2021 / A Longitudinal Seroprevalence Study Evaluating Infection Control and Prevention Strategies at a Large Tertiary Care Center with Low COVID-19 Incidence
